

INSTRUCTIONS

Spinner Flagpoles

Includes:

1-Piece or 2-Piece Flagpole

EZ-Mount Ring(s) (not included with all flagpoles)

1

Attach the mounting bracket (purchased separately) to the location in which you want the flag to be displayed.

For 1-piece poles, skip to step 3.

For 2-piece poles, continue to step 2.

2

For 2-piece poles, screw the 2-pieces of the pole together (be sure to hold the ball/eagle top as you screw them together).

3

For flags with heading & grommets:

- Slide EZ-mount ring(s) onto the pole
- Place EZ-mount screw through the grommet
- Tighten screw into the ring until it is snug

For flags with heading and grommets, use the clip on the top of the pole (or an EZ-Mount ring if two are included) to attach the flag (purchased separately). Then use the EZ-Mount ring (if provided) to attach the bottom of the flag to the pole.

For flags with pole sleeves, insert the base of the flagpole into the pole sleeve and slide flag to the top of the flagpole. Attach the hook at the top of the flagpole to the tab inside the pole sleeve of the flag.

4

At this point the completed pole and flag assembly is ready to be mounted into the mounting bracket.
