

INSTRUCTIONS

Aluminum Display Pole

Includes:

2-piece pole with removable ball top
Ground sleeve
2 EZ-Mount rings

Instructions for products finished with heading and grommets or pole sleeves.

1

Line up hole of top pole section with button on bottom pole section. Depress button and slide top pole down until poles are locked together.

For use with products that have heading and grommets, you may wish to slide the EZ-mount ring onto the top pole prior to assembling 2-piece flag pole.

2

For flags with heading & grommets:

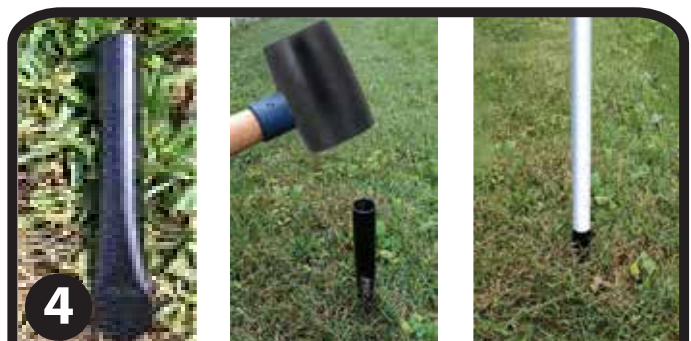

Attach top grommet of product to metal hook at top of flagpole. Attach bottom grommet to flagpole using EZ-mount ring. (A) Slide ring onto the pole. (B) Place EZ-mount screw through the grommet. (C) Tighten screw into the ring until it is snug.

3

For flags with pole sleeves & sewn-in tabs:

Insert the flagpole into the pole sleeve and slide product to the top of the flagpole. Attach the metal hook or an EZ-Mount ring to the tab inside of the pole sleeve. If the product has a tab on the bottom also use an EZ-Mount ring to this tab as well. For products with a closed pole sleeve, either invert the pole or unscrew and remove the ball top and clip ring.

4

To install the ground sleeve, use a rubber mallet to hammer the sleeve into the ground. Insert bottom of pole into sleeve.
